INTRODUCTION

With increased importance to human resources in organization people & system related issues are getting more challenging & complex. Today's HRD practitioner's & facilitators need diverse specialized training, skill and continuous knowledge up gradation to handle these issues. While the need is felt to increase HRD orientation among people in organizations and help them acquire new competencies, very few professionals are familiar with the usage of latest tools and techniques for developing people and organizational competencies. This certificate course intends to address the growing necessity of skill up gradation & application orientation in one of the critical areas of HRD.

HRD AUDIT

HRD audit is a comprehensive evaluation of the existing human resource development strategies, structure, systems, styles and skills in accordance with both short-term and long-term business plans of the organization. In HRD Audit the skills, styles, systems, strategies, structure is studied and analyzed using a variety of methodologies like interviews, questionnaires, available records, workshops etc. This evaluation helps the organization have a clear understanding of the lacunae and better align the HR processes with Business goals.

PROGRAM OBJECTIVES

- 📌 To provide theoretical input & application-oriented perspective of HRD Audit
- 📌 Develop professionals who have the knowledge and skills to assess HRD processes
- 📌 Prepare HR professionals for facilitating development of people, systems & organizations using latest HR tools & techniques
- 📌 To develop competent internal HRD Auditors who can review the HRD strategies, systems, processes and align them with Business goals
- 📌 Design and implement techniques aimed at expanding functional and business competencies of organizations through HR Audit.
